

Technical Data Swivel

DG.45.100, DG.45.101 and DG.45.103

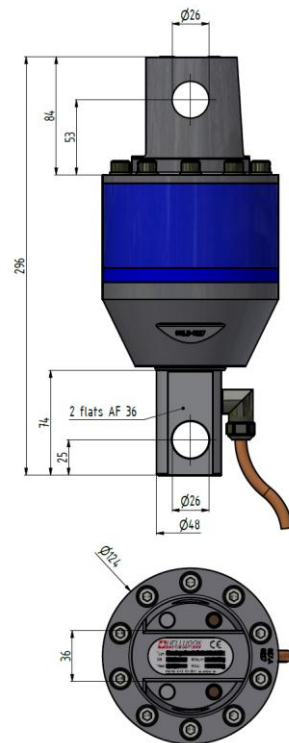

- Quick Connect System for efficient operation
- Weight:
 - DG.45.100: 7.3 kg
 - DG.45.101: 7.3 kg
 - DG.45.103: 7.3 kg
- Work load limit 5'000 kg
- 2, 3 or 4 electric poles available
- 16 A / 240 V
- TBO 2'000 hours
- Radial and axial ball bearing
- Bearings sealed
- Meets the highest safety standards and requirements of directive 2006/42/EG
- Design meets the requirements of Certification Standards CS.27/CS.29 for Rotorcraft by EASA
