

Technical Data Swivel DG.45.200 and DG.45.201

- Quick Connect System for efficient operation
- Weight:
 - DG.45.200: 5.8 kg
 - DG.45.201: 5.8 kg
- Work load limit 5'000 kg
- TBO 2'000 hours
- Radial and axial ball bearing
- Bearings sealed
- Meets the highest safety standards and requirements of directive 2006/42/EG
- Design meets the requirements of Certification Standards CS.27/CS.29 for Rotorcraft by EASA
