

Technical Data Double Hook DK.30.001 Electrical Release

- Weight 55 kg
- Work load limit 3,000 kg
- Release load 10 kg
- TBO 1,000 hours
- Two independent hook mechanism
- Nubbin receiver
- Permanent mechanical lock
- Meets the highest safety standards and requirements of directive 2006/42/EG
- Design meets the requirements of Certification Standards CS.27/CS.29 for Rotorcraft by EASA
