

Technical Data Cargo Hook LH.50.700

Cargo Hook for safe and efficient transport and installation operations with electrical release.

- Weight 30 kg
- Work load limit 5,000 kg
- Release load 12 kg
- Keeper lock weight 100 kg
- TBO 1,000 hours
- LED control light for the pilot
- Permanent mechanical lock
- Mechanical keeper lock
- Meets the highest safety standards
- Certification according to directive 2006/42/EG
- Design meets the requirements of Certification Standards CS.27/CS.29 for Rotorcraft by EASA
- United States patent No US 8,016,333 B2
- European patent No 2036849
